

- The ride should not operate if winds exceed 15-20 MPH or in rain or lightning.
- All riders must remove shoes.
- When the water slide is not in use, water must be shut off.
- Riders should be sorted by the same size (only riders of the same size should be allowed on the inflatable at the same time).
- Riders must remove loose objects or sharp objects (glasses, jewelry, belts, etc.).
- NO FOOD or drink (INCLUDING GUM) in inflatable units.
- No foreign substances (Silly String) can be used inside the inflatable. Silly String cannot be removed and may result in charges up to the cost of the party rental.
- Do NOT exceed the rated capacity of the manufacturer's specifications.
- Operators should assist riders entering and exiting.
- Operators should be in close proximity to the inflatable and be looking inside the ride at all times.
- No flips or rough play.
- Do NOT use water on inflatables that are not intended to be used with water.
- No pets inside or on inflatables.
- To prevent "rug burns," we suggest that obstacle course riders wear long-sleeve shirts.
- Please turn off your sprinkler system. Units that are picked up wet as a result of sprinklers will result in a \$25 per hour drying charge."
